- Do you have multiple intakes asking your client to re-tell their story in order to get the services?
- Do you feel like you are working in a silo?
- Do you enter your clients' data into multiple data bases?
- Do you feel that the quality of your data is not up to standard?
- Do you spend a lot of time extracting data to create reports for outside agencies?
- Do you spend a lot of time uploading data to other government agencies?
- Are you concerned about the security and privacy of your client information?
- Do you want to have a comprehensive 360-degree view of your clients' profiles?
- Do you have to create spreadsheets to keep track/collect/maintain information?
- Do you have the need to report to various funding agencies?
- Do you refer your clients to other services within your organization or other agencies?
- Do you have to collect information manually and then record it on the system?
- Are you looking for a way to schedule and view client services effectively?
